My dear Mr. Delano:-

As you are aware, an invitation has been sent to the executive heads of the Chicago railroads to meet at Mr. Burnham's office on Tuesday, July 14, at 12:30 o'clock. We have had favorable responses from every railroad, and a very large number of the Presidents will apparently be at the meeting. The Committee will much appreciate it if we can have the co-operation of yourself and of the other railway presidents who are members of the Commercial Club in the conduct of this meeting. What we desire to secure is a permanent line of communication between the railroads and our Committee, and Mr. Morton and I will make an effort to see you personally on Wednesday and discuss with you the program of the meeting.

Yours Very truly,

Charles D. Norton
Chairman.

Mr. F. A. Delano, President,
138 Jackson Blvd., Chicago.
